

MNPS Virtual School

School District: Metro Nashville Public Schools

School Year: 2023-24

Virtual School Monitoring Report

School District's Overall Designation and Findings

Each year, school districts across Tennessee monitor the instructional, financial, and operational practices within their virtual schools using a state-defined series of common practices and requirements. This report reflects the school district's designation of the virtual school's academic, operational, and financial viability.

The school district determined that the virtual school is:

Meeting Expectations

Approaching Expectations

Below Expectations

During the annual monitoring process, the school district identified areas of strength and areas that need strengthened within the virtual school. The school district has summarized these monitoring findings below.

School's Strengths:

MNPS Virtual School continues to demonstrate the ability to meet the academic; and social-emotional needs of the students that we serve. Our strengths are:

- *Continuously meeting/exceeding a graduation rate of 95% or more*
- *Providing student with state and district aligned curriculum.*
- *Providing student with interventions to address Tier II & Tier III instructional needs*

School's Notable Areas for Improvement:

MNPS Virtual School continues to set high expectations for students, however the areas of improvement are:

- *Engaging student ownership over learning*
- *Providing high-quality academic feedback*

School's State Report Card

Families and community members deserve accessible, understandable information about Tennessee schools. Currently, the State Report Card includes a dashboard of detailed, easy-to-understand information about the key indicators families can use to understand school and district performance, including achievement, growth, attendance, English learners' proficiency in English, graduation rate, and postsecondary readiness of students. Information about schools and districts, including student enrollment, contact information, staff information, school and district expenditures and funding, and longitudinal data on student performance over the past four years. State-level data is also provided as a reference to understand how schools and districts are performing in comparison with others across the state.

School's Improvement Plan

Each year, school and district leaders complete a school improvement plan (SIP). Each public virtual school has created a SIP that outlines goals and strategies used to improve student academic success. The link below allows families to review the SIP for the virtual school.

Appendix: Definitions of Terms

Enrollment Types	Explanation
In-district Enrollment	Enrollment option for students who reside within the zone of residency of the school district that established the virtual school.
Out-of-district Enrollment	Enrollment option for students who reside within a contiguous county, municipality, or city outside the zone of residency of the school district establishing the virtual school.
State-wide Enrollment	Enrollment option for students who reside within Tennessee and outside the zone of residency of the school district that established the virtual school.

Instructional Model	Explanation
Asynchronous Virtual Instruction	An instructional model that provides students access to on-demand instruction that is fully virtual/online. This model allows students to access instructional materials and progress at their own pace and does not require students to attend regularly scheduled (daily/every other day) virtual classes with a teacher.
Bisynchronous Virtual Instruction	An instructional model that utilizes both asynchronous and synchronous virtual instruction.
Hybrid Virtual Instruction	An instructional model that provides students access to virtual instruction and requires students to periodically attend class in-person within a brick-and-mortar location.
Synchronous Virtual Instruction	An instructional model that provides scheduled, teacher supervised instruction that is fully virtual/online. This model of instruction does require students to attend regularly scheduled (daily/every other day) virtual classes with a teacher.
